

# Easy Birdhouse Plans

<https://birdhouse.walkingdown.com>

November 27, 2019

Easy to build, minimal tools needed, good ventilation, easy cleanout, uses standard  $\frac{1}{2}$ " x  $5\frac{1}{2}$ " boards. Tools needed: saw, straight edge, ruler, pencil, drill (spade bit,  $\frac{5}{32}$ " bit), screw driver, 1" wood screws. The hole diameter can be adjusted to encourage specific species of bird to nest.
